PROFESSIONAL SUMMARY

Results-driven Java Full Stack Developer with **4+ years of experience** in designing, developing, and deploying scalable, high-performance web applications. Expertise in **Java**, **Spring Boot**, **Hibernate**, **Angular**, and building RESTful APIs, with a focus on **cloud-based solutions** and **database optimization**. Proven ability to collaborate with cross-functional teams using Agile methodologies, delivering technical solutions aligned with business requirements.

Technical Skills

- **Programming:** Java, JavaScript
- **Frameworks:** Spring Boot, Spring Cloud, Hibernate, JPA
- **Frontend:** Angular, HTML, CSS, Bootstrap, Tailwind.
- **Tools:** Git, Jira, Jenkins, Docker, Kubernetes
- **Build Tools:** Maven, Gradle
- **Database:** SQL, NoSQL.
- **Architectural Styles:** Microservices, RESTful APIs

Professional Experience

Diebold Nixdorf

Software Engineer (03/2021 – 02/2023)

- Developed middleware services for the Vynamic Vista product, handling customer-facing and backend functionalities like balance inquiry, withdrawals, deposits, and fund transfers.
- Designed and processed middleware services using Angular, Spring Boot, Hibernate/JPA, and SQL.

Key Projects:

- **Abu Dhabi Islamic Bank (ADIB)**
    - Developed middleware services for various transaction modules.
    - Technologies: Angular, Spring Boot, Hibernate/JPA, SQL.

- **CITI Bank Mexico**
  - Solely represented middleware team, responsible for designing and integrating backend services.
  - Technologies: Angular, Spring Boot, Hibernate/JPA, SQL.

Tata Consultancy Services

System Engineer (02/2023 – Present)

- Working on TAP™ Source-to-Pay Platform as a Full Stack Developer, optimizing sourcing processes using technologies like Angular, Spring Boot, Hibernate/JPA, and SQL.
- Responsible for designing web services for buyer, supplier, and admin modules, and mapping backend responses to the UI.

Key Contributions:

- Integrated AI-powered suggestions for supplier selection and price estimation.
- Reduced RFx creation time through automation and user-configurable templates.

Education

- Post-Graduate Diploma (C-DAC), C-DAC JUHU, Mumbai (2020–2021)
- Bachelor of Engineering (B.E.), Hi-Tech Institute of Technology, Aurangabad (2019)

Projects

Pashu Mela (2020–2021)

- Designed a web application for farmers to buy and sell animals, reducing time, costs, and travel risks.
- Technologies: Angular 11, Spring Boot, Hibernate (JPA), MySQL.

Certifications

- Master Spring Boot Microservices (Udemy)
